## ECONOMY SHOE STORE

"THE HOME OF GOOD SHOES"

IF YOU have to buy clothes this fall ask yourself this question: "How can I do it most economically?" That's really the one vital question; be particular about this for your own sake; this nation can't afford wasteful clothes or wasteful anything else.

## War-economy in clothes

YOU can see what we've got to do if you follow our advice; if you're going to save and get the most possible for your money. Our clothes must offer more value than any others for the money. The amount you spend isn't the most important thing; if you want really good quality and value, you've got to spend enough to get it.

Hart Schaffner & Marx Clothes

All clothes are higher priced than they were a year ago; the question for you is, "As the price has advanced, has the quality been kept up?" In the case of Hart Schaffner & Marx clothes, the truth is, the quality has been kept up, but the price hasn't advanced in proportion. We don't know of any other line of which we think that's true.

## Good style and good fit

You want the clothes you buy to be stylish; but not extravagantly so. That's what makes Hart Schaffner & Marx styles so very good this season. Simplicity is marked in them; no extreme ideas, no wasteful features; materials carefully used. We are better prepared than ever to fit all sorts of figures. Men of odd sizes—stout, very tall, very short stout men, as well as regular sizes.
